Research Profile

I am a cognitive neuroscientist that would have liked to study physics and maths.

2021	DFG. Another application to develop JATOS.
2020	Klaus-Tschira Boost Fund. I thought this proposal (to study Agency and Metacognition) was great. Berlin Prototype Fund. Applied for funding to develop JATOS
2016	DFG Research Grant “Ambizione” fellowship, SNF. A similar project was eventually funded.
2012	Henry Wellcome Fellowship. Not even considered.
